Lumber Specialties, a Division of USLBM Is Seeking Assemblers for Our Dyersville Location.

We're a people first company that's passionate about continuous improvement. Are you looking to join a company that promotes from within? If you enjoy working hard in a fast-paced environment, then apply now to join the top paying leading manufacturer of trusses in the Midwest!

What you should know about working at Lumber Specialties:

We're all about teamwork! All positions are hands-on and we band together when necessary. We support each other! We have local and corporate team members to help you along the way and partner on projects as appropriate.

We are a relaxed atmosphere. This is not a suit and tie environment.

We care about our communities. USLBM, our divisions and associates are committed to contributing to the communities where we live and work.

We work hard! We are a continuous improvement driven organization and we are focused on keeping organized and on task.

We're built on safety. We provide a safe and healthy workplace for all our employees. Our employees go home in the same condition they came to work.

How you will spend your day as an Assembler:

Move precut lumber to work area by cart.

Lifting and laying out precut lumber (top, bottom chords) onto the build table.

Verify dimensions of precut lumber for accuracy and assembly.

Utilize Jig Sheets and Blueprint Specifications to make a completed truss.

Using Jig Blocks (removing and nailing to table).

Hammering in connector plates (Nail Plates).

Stack completed trusses (Rafters).

Unload, label and band the trusses.

Utilize hammers, saws, pneumatic nail and staple guns to connect parts.

We want you to build your career with us! Can you check all of these boxes?

Assembler Requirements:
