

Digital Job Fair

April 1-10

Looking to hire? Be a part of the Dyersville Area Chamber of Commerce 1st Digital Job Fair, an affordable way to get your job opening(s) seen. This will be held April 1-10 on the Chamber's website, www.dyersville.org/digitaljob. Listings will be separated by full-time and part-time positions and located on the site on a first come, first serve basis – so send in this form right away!

We are making it easy for you:

No booth setup – You won't have to leave your office and job seekers won't have the pressure of others knowing they're looking for a job.

Video – Create a short 1-2 min video showcasing your work environment and job satisfaction from current employees. Explain company history, growth and future plans to make your business a place they want to work! This can be done with your phone or maybe a local high school student can assist you. If you don't want to have a video, send us your logo as a JPG.

Job listing – Provide a job listing to go along with your video. Job Title, FT/PT, and details will be highlighted.

Resumes sent for quick interview – an email button will be conveniently located below your job listing for job seekers to send their resumes to your email. We encourage a quick response to get your ideal candidate!

Marketed as a community job destination – We hope to have numerous job opportunities in the area for job seekers to fill. This event will be marketed through social media, local newspapers, radio, Chamber newsletter, and email list. Please feel free to share the post as we will be tagging the participating businesses.

Feel free to contact our office with any questions you have, 563-875-2311.

Registration, payment, job listing(s) and video **due by March 22nd** to kthompson@dyersville.org
